FROM : Chief, Communications Security Staff, OC

SUBJECT: Request for Procurement of Coreboard Destructors

REF : CSD 63-489

25X1A

25X1A

1. This is to confirm the telephone conversations of 5 and 6 February between [REDACTED], OL and [REDACTED] OC concerning the procurement of an additional 450 coreboard destructors. Mr. Litchfield was informed that although we had agreed in CAS 64-1104 to reduce our present order from 600 to 150 units, the urgency of our requirement now dictates that we revert to our initial order of 600 and that the units be procured as soon as possible. (As you know the agreement to reduce the number of units was to facilitate administrative handling within the Office of Logistics; our initial order for 600 units was stated in the reference and ordered on requisition 914-OAMB-P-64-M-50071).

25X1A

2. [REDACTED] advised that the additional units could be covered by requisition 914-OAMB-P-64-M-50071 and that a new requisition need not be submitted.
